Customer Journey Map

Phase of Journey	Stage 1: Start	Stage 2: Learn	Stage 3: Check and Plan
Actions What does the customer do?	- Opens EduGenie in the browser - Chooses a task from the dropdown	- Types a question or topic, or pastes notes - Submits and reads the answer, explanation or summary - Asks a follow-up question	- Generates a quiz and answers it - Reads the corrected answers - Requests a learning path for the next topic
Touchpoint What part of the service do they interact with?	- Web page: task dropdown and text area	- Gemini-powered question, explanation and summary features	- Quiz buttons with instant feedback - Learning path result
Customer Thought What is the customer thinking?	- "Is this easy to use?" - "Will it understand my topic?"	- "Is this answer correct and simple enough?" - "Can I ask more about it?"	- "Do I really know this?" - "What should I study next?"
Customer Feeling What is the customer feeling?	Curious, slightly unsure	Relieved when the explanation is clear	Confident, motivated
Process Ownership Who is in the lead on this?	Frontend (Risah Ruth R)	AI modules and backend (Samyuktha B, Sarumathi S)	Quiz and learning path modules, testing (Samyuktha B, Keerthana S)
Opportunities How can we improve this stage?	- Add example topic suggestions - Add voice input	- Show answers with formatting and diagrams - Support more languages	- Track quiz scores over time - Adapt the next quiz to weak areas
